

SHANTA GOLD

A growing mid-tier gold producer

Precious Metals Summit, Zurich
October 2016

Disclaimer

This presentation has been produced by Shanta Gold Limited ("the Company").

The information in this presentation or on which this presentation is based has been obtained from sources that the Company believes to be reliable and accurate. However, none of the Company, the Company's directors, officers, employees, its shareholders or any of their respective advisors, or any other person has independently verified the information in this presentation and no representation or warranty, express or implied, is made as to the fairness, accuracy, completeness or correctness of the information and opinions contained in this presentation and no reliance should be placed on such information or opinions. Any opinions, projections, estimates or forecasts contained in this presentation constitute a judgement of the Company only and should not be relied upon and are provided as at the date of this presentation and are subject to change without notice. To the extent permitted by law and regulation, neither the Company nor any officer, director, employee or representative of any of them accepts any responsibility or liability whatsoever for any loss, damage or liability howsoever arising, directly or indirectly, express or implied, contractual, tortious, statutory or otherwise from any use of this presentation or its contents or otherwise arising in connection therewith. The recipient of this presentation shall be responsible for conducting its own investigation and analysis of the information contained or referred to in this presentation and for evaluating the merits and risks involved in the securities forming the subject matter of this document.

The Company does not undertake or agree to any obligation to provide you with access to any additional information or to update this presentation or to correct any inaccuracies in, or omissions from this presentation which may become apparent.

By agreeing to receive the presentation, you are obliged to keep the information herein confidential. This presentation is being supplied to you solely for your own information and may not be reproduced, redistributed or passed on to any other person, nor may it be published in whole or in part, for any purpose.

This presentation does not constitute an offer of securities for sale in the United States of America, its territories or possessions (the "United States") or, Australia, New Zealand, Canada, Japan, the Republic of South Africa or the Republic of Ireland or in any other country outside the United Kingdom where such distribution may lead to a breach of any legal or regulatory requirement (the "Excluded Territories"), nor must it be distributed to persons with an address in the United States or any of the Excluded Territories, or to any resident of, or anyone located in, the United States or any of the Excluded Territories, or to any national of, any corporation, partnership, or other entity created or authorised under the laws of any of the Excluded Territories. Any such distribution could result in a violation of American, Australian, Canadian, Japanese, South African, Irish law or other applicable law. It is the responsibility of each recipient outside the United Kingdom to ensure compliance with the laws of and regulations of any relevant jurisdiction. Neither this presentation nor any copy of it may be taken, transmitted or distributed, directly or indirectly, into the United States or any of the Excluded Territories or distributed directly or indirectly to any US person (as defined in Regulation S of the US Securities Act of 1933, as amended). Any failure to comply with this restriction may constitute a violation of US Securities laws. There will be no public sale of the Company's securities in the United States.

Neither this presentation nor any copy hereof may be distributed in any other jurisdictions where its distribution may be restricted by law and any persons into whose possession this presentation comes should inform themselves about, and observe, any such restrictions.

The content of the presentation has not been approved by an authorised person within the meaning of the Financial Services and Markets Act 2000 ("FSMA"). Reliance on the presentation for the purpose of engaging in any investment activity may expose an individual to a significant risk of losing all of the property or other assets invested. Any person who is in any doubt about the subject matter to which the presentation relates should consult a person duly authorised for the purposes of FSMA who specialises in the acquisition of shares and other securities.

The presentation does not constitute an offer of transferable securities to the public for the purposes of section 85 FSMA. The presentation is exempt from the general restriction set out in section 21 FSMA on the communication of financial promotions on the grounds that it is directed only at (i) persons having professional experience in matters relating to investments who fall within the definition of investment professionals in Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (as amended) (the "Order"); (ii) persons in the business of disseminating information within the meaning of Article 47 of the Order; (iii) high net worth bodies corporate, unincorporated associations and partnerships and trustees of high value trusts as described in Article 49(2) of the Order; or (iv) persons who are 'professional clients' as defined in the FCA's Glossary and for the purposes of chapter 4 of the FCA's Conduct of Business Sourcebook. Any other person who receives this communication should neither rely on nor act upon the contents of this communication and should return it immediately without reproducing, distributing or passing it on to any other person.

Any failure to comply with these restrictions may constitute a violation of the securities laws of the United States, the United Kingdom, the Excluded Territories or other jurisdiction.

This presentation contains forward-looking statements, including in relation to the Company, the Company's proposed strategy, plans and objectives. Such statements are generally identifiable by the terminology used, such as "may", "will", "could", "should", "would", "anticipate", "believe", "intend", "expect", "plan", "estimate", "budget", "outlook" or other similar wording. By its very nature, such forward-looking information requires the Company to make assumptions that may not materialise or that may not be accurate. Such forward-looking statements involve known and unknown risks, uncertainties and other important factors beyond the control of the Company that could cause the actual performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include, but are not limited to: general economic, market and business conditions; industry capacity; competitive action by other companies; production and marketing margins; the ability to market and sell products; fluctuations in interest rates and foreign currency exchange rates; the ability of partners and suppliers to meet commitments; changes in applicable laws and regulations; contingent liabilities; international political events; and other factors, many of which are beyond the control of the Company.

Furthermore, the forward-looking information contained in this presentation is made as at the date of the presentation and the Company does not accept any obligation to disseminate any updates or revisions to such forward-looking statements. The forward-looking information contained in this presentation is expressly qualified by this cautionary statement.

This document is not intended to be, and should not be construed as, any advice on the merits of, or any recommendation to any recipient or reader of this document in relation to, the purchase of shares in the Company.

Recipients and readers of this document should seek their own independent legal, investment and tax advice as they see fit.

By receiving this document you agree to be bound by the foregoing limitations.

About Shanta Gold

- East Africa-focused gold producer, developer and explorer with 1,500 km² of prospective ground in Tanzania
- New Luika Gold Mine
 - New Luika produced 82,000 oz in 2015. Guidance of 82-87,000 oz for 2016
 - underground mining operation
 - ongoing surface mining
 - separate tailings recovery project
 - Updated Mine Plan due in Q1 2017 expected to extend mine life
 - Excellent exploration upside within and surrounding the licence areas
- Singida
 - Pilot-scale production to commence in 2017
 - Ongoing exploration and updated feasibility study
 - Potential surface and underground operation

Shanta – building a track record of delivery

Low cost Tanzanian producer with significant growth potential across two assets

Stable gold production

- Guidance – existing NLGM mine plan (2016–2020)¹ production averaging 84,000 oz per year and average AISC of \$695/oz

Low cost gold producer

- 2016 annual gold production guidance of 82-87,000 oz at a lowered AISC of US\$690-740 /oz

Strong cash flow

- Revenue of US\$55.7 million in H1 2016 with EBITDA of US\$33.3 million

Manageable debt repayment profile

- Cash of US\$25.8 million³ at Q3 2016 with Net Debt of US\$38.4 million. Debt scheduled to be rapidly repaid from existing cash flow

Quality asset base

1. New Luika Gold Mine

- High grade resource base (3.9g/t gold average grade)
- Blending opportunities with lower grade deposits provides optionality
- Ongoing resources conversion to reserves

2. Singida

- Exploration to target increased resources underway
- Pilot plant – first gold pour targeted in Q2 2017

Shanta strategy – generating shareholder value

Low cost, high grade production

Significant growth potential

Q3 2016 Production & Operational Update

Q3 2016 highlights

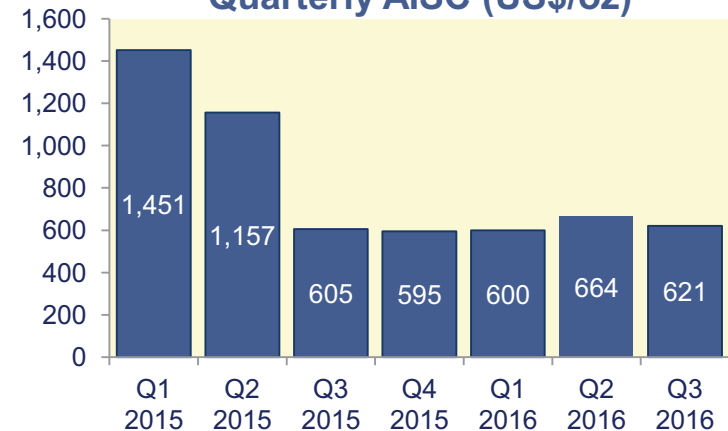

- Gold production of 20,580 oz
- Gold sales of 23,426 oz at an average price of US\$1,301 per oz (“/oz”)
- Cash Cost of US\$387 /oz
- AISC of US\$621/oz
- No lost time injuries
- Underground project development on track
- First underground ore production in Q2 2017
- Work continues on the second Tailings Storage Facility (“TSF2”)
- Ilunga resource expanded by additional 184,000 high grade oz (165,000oz Indicated)

Quarterly gold production (oz)

Quarterly AISC (US\$/oz)

Financial highlights

- Q3 2016 cash generated from operations of US\$11.1m
- Q3 2016 capital expenditure of US\$14.2m
- Cash balance of US\$25.8m (excluding US\$6.34 million pre-payments from cash reserves)
- Silver Stream funds (US\$5.25 m) not yet received
- Power Station Funding (US\$9.1m) yet to be drawn down
- Gross debt coming down with rapid repayment schedule
- 20,000 oz sold forward to March 2017 at \$1,275/oz
- Half year EBITDA \$33.3m on \$55.7m revenue

All figures US\$m	Q3'16	Q2'16	Q1'16	Q4'15
Cash generated from operations	11.1	13.1	2.8	17.3
Capital expenditure	14.2	7.0	5.6	6.2
Gross Debt	70.5	75.0	74.7	60.2
Cash balance	25.8	30.5	16.3	19.1
Net debt	38.4	44.5	58.4	41.1

Q3 2016 cash balance is after US\$6.3m advance payments made from cash reserves

New Luika Gold Mine Development and Major Projects

New Luika Underground Schedule and Milestones

Year	2016	2017	2018	2019	2020	2021	2022
Portal construction	■	Bauhinia Creek Pit – 960mRL					
Surface construction	■						
Ramp development		■ BC and Luika					
Ventilation shafts		■	Two 100m 3mø raise bored shafts				
Access Bauhinia Creek orebody		★	December 2016				
Access Luika orebody				★	April 2018		
Bauhinia Creek production		■ Ramping up from 12 - 30,000 tpm					
Luika production				■ Ramping up from 15 - 25,000 tpm			
Underground exploration drilling				■			

Other Major Projects Schedule and Milestones

Year	2016	2017	2018	2019	2020	2021	2022
Tailings Storage Facility Number 2	Active						
Tailings Retreatment Plant		Active					
Singida Pilot Plant	Active	Active	Active				
On-going exploration for Reserve Replenishment and Growth		Active	Active	Active	Active	Active	Active
Singida Feasibility Study		Active	Active	Active			
New Luika Power Project (7.5MW)	Active						
New Luika Solar Power Project (0.75MW - rental)	Active						
Updated New Luika Gold Mine Plan		Active					

Exploration Update
Plan for value creation

NLGM exploration plan – successful and proven

- Growth around a Central Processing Facility
- Exploration activities likely to have material impact on NLGM mine life and provide significant optionality

Resource to Reserve conversion

- In-fill drilling of under-explored resources, combined with engineering studies to add mining reserves
- Targeted areas already delivered include: Bauhinia Creek and Luika underground
- Ilunga underground (following recent drilling), Elizabeth Hill open pit

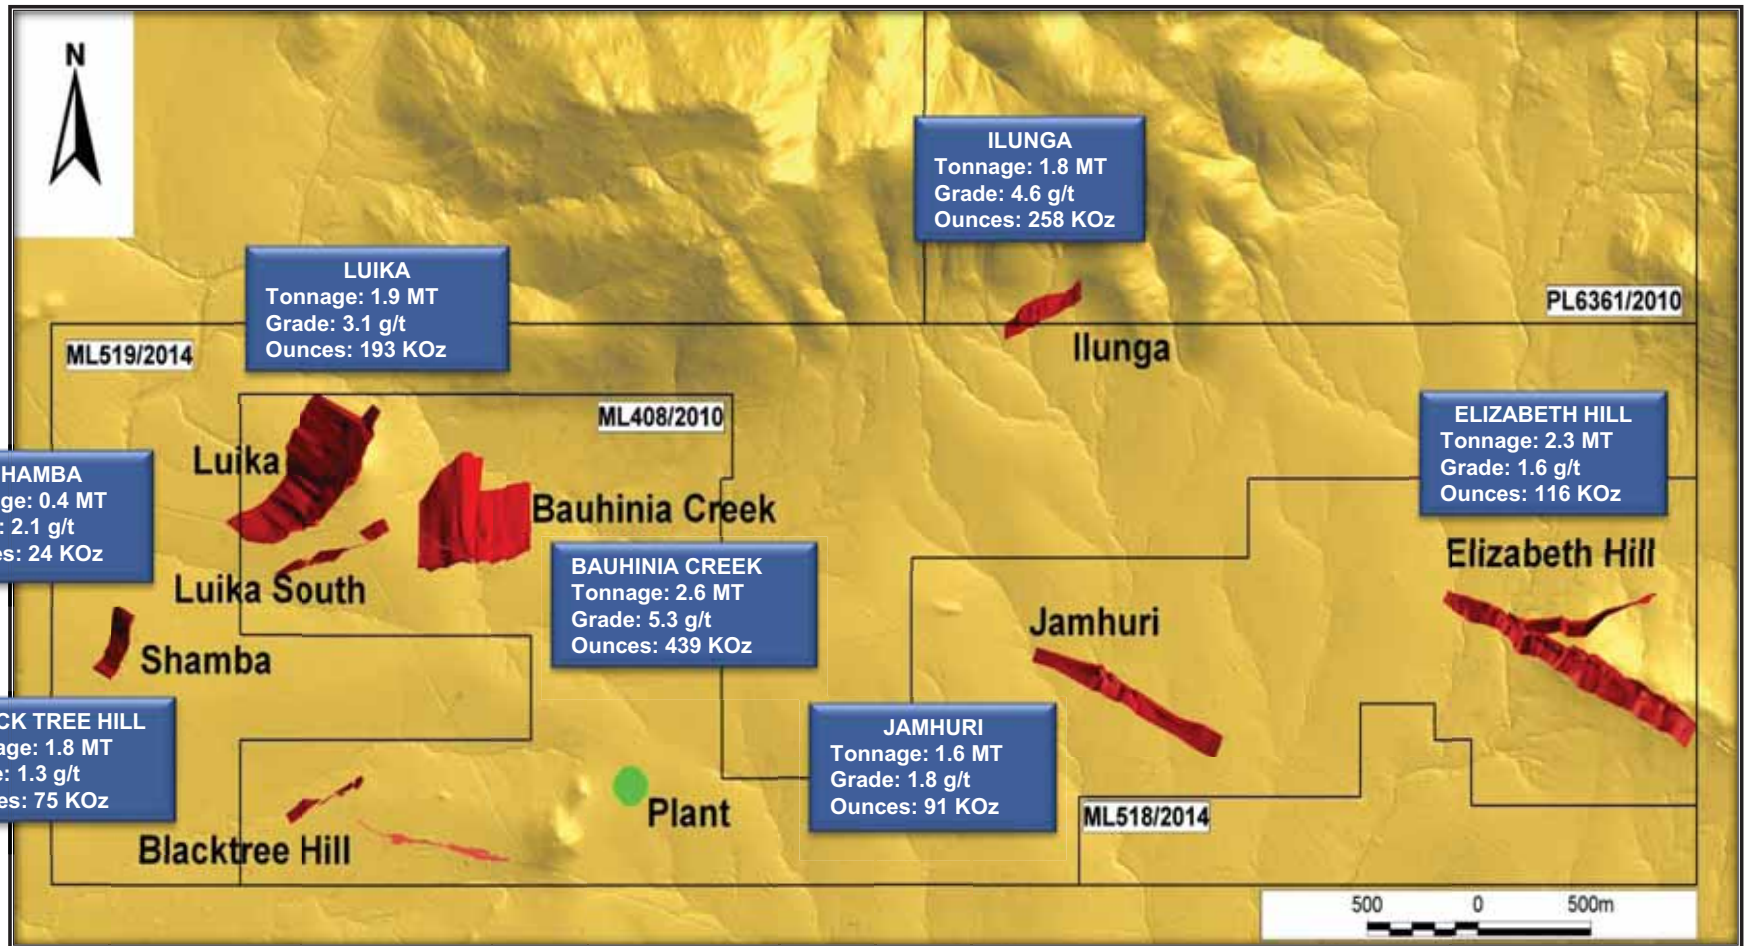

Resource additions and upgrades

- Resource expansion of mineralised ore bodies open at depth or along strike
- Step out drilling to define mineralised envelope, adding new resources or closing off ore bodies
- Incremental upgrade of resources from Inferred category to Indicated status
- Bauhinia Creek, Luika, Elizabeth Hill, Jamhuri, Ilunga, Shamba, Askari

New target generation

- Continual improvement of regional dataset (geophysics, rock chip geochemistry, topographic control, satellite imagery and radiometrics)
- Continued improvement of exploration capability as team expertise grows
- New targets generated, tested

Deposits at NLGM

Note:

1. Data as July 2015 using 1.0g/t cut-off grade. Resources shown reflect total resources including reserves
2. Elizabeth Hill as of Jan 2016. Black Tree Hill as of Apr 2016. Ilunga as at September 2016

Key achievements

- A systematic and continuing programme of exploration

Sept 2015

- Base Case Mine Plan announced including 506k oz of reserves at 5.9 g/t

Sept 2015

- Elizabeth Hill resource upgrade to 128k oz

Jan 2016

- Elizabeth Hill reserve upgrade to 667k oz at 1.33 g/t for 28k oz

Feb 2016

- RC & DD drilling programme completed at Askari

Apr 2016

- Drilling programmes completed at Ilunga and Black Tree Hill

Jul 2016

- Second phase drilling programme completed at Ilunga to confirm strike and depth extensions

Sept 2016

- Ilunga resource upgrade to 258koz

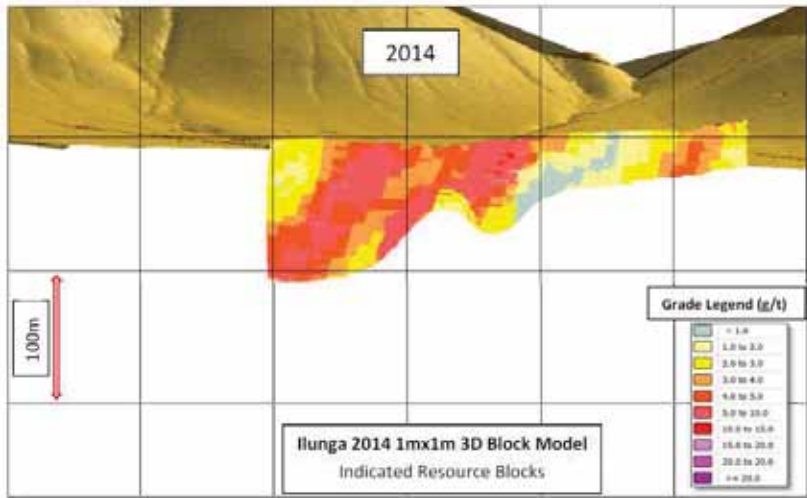

- Continued exploration work and incorporation of resources into the NLGM mine plan
- Last 12 months - 252koz additional resources declared inside the existing mining licence
- 514koz not included in the base case mine plan

Bauhinia Creek and Luika extensions at depth

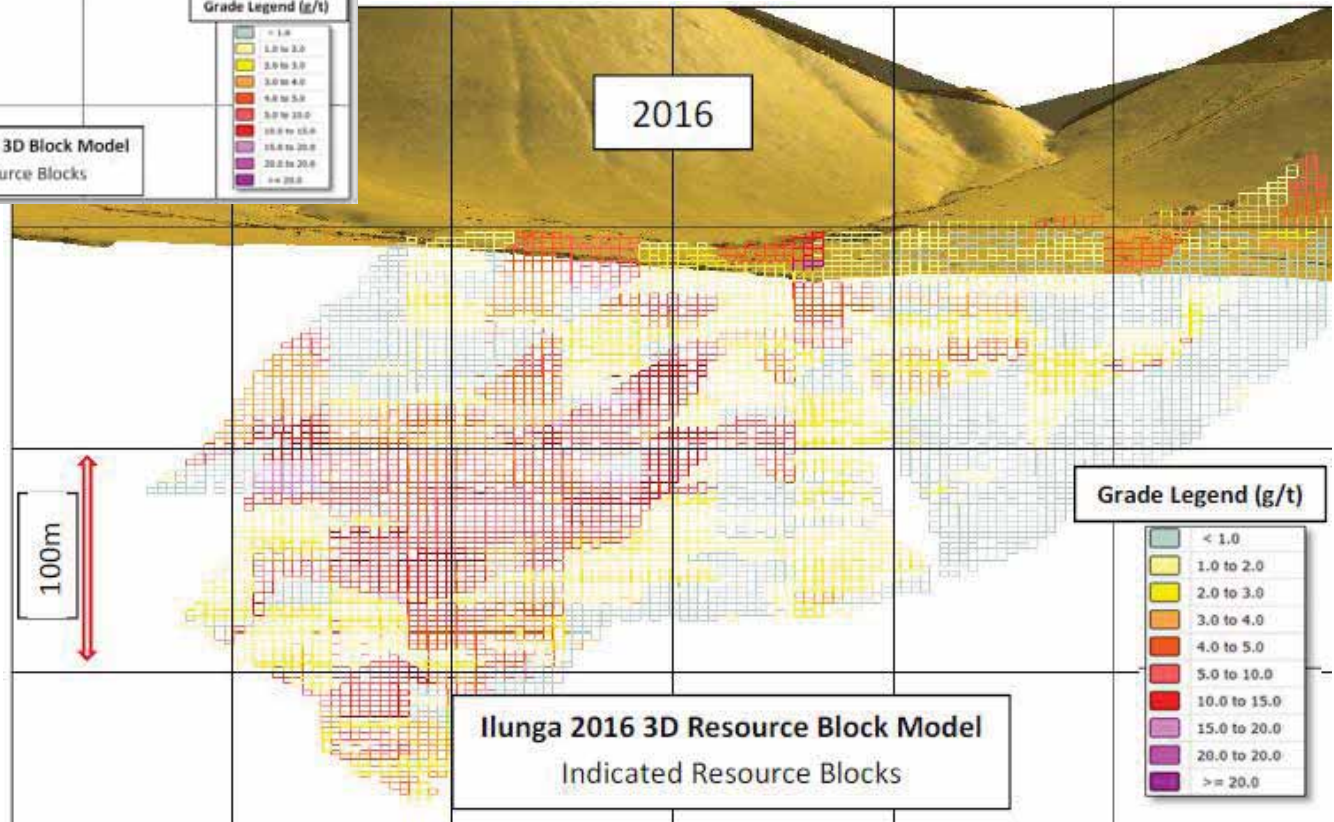

Ilunga longitudinal sections looking North

- 2.5 km northeast of the NLGM central processing facility
- Inside the mining licence with haul road access in place
- Total Ilunga resources upgraded from 73,940 oz at 3.51 g/t to 257,965 oz at 4.55 g/t

2014 Resource Model
(Indicated Category) vs
2016 Resource
Model (Indicated
Category)

Singida

- 2009 Resources
 - 432,000oz of Measured at a grade of 4.1g/t Au, 118,000oz of Indicated Resources at 2.0g/t Au 309,000oz of Inferred Resources at 2.3g/t Au
- Mining licence issued in 2012
- Project underway to develop Pilot Mining Project
 - Low risk, low capital (US\$4m) funded from cash flow
 - Gravity separation from 10tph feed
 - Two year plus operation with <2 year payback
- In-fill exploration work to enhance knowledge of deposits and potentially increase scale
 - October 2016 - 39 holes, for 4,204m
 - Gold Tree 2 and Gold 3 drilling results
- Feasibility study for open pit/ underground mine to be conducted over next two years.

Highlights from drilling results announced 3rd October 2016

1m @ 7.72g/t from 68m-69m in SC653

3m @ 9.94g/t from 59m-62m in SC657

1m @ 12.45g/t from 65m-66m in SC662

6m @ 3.81g/t from 52m-58m in SC665

3m @ 5.66g/t from 105m-108m in SC668

5m @ 6.91g/t from 69m-74m in SC676

3m @ 4.44g/t from 100m-103m in SC677

12m @ 9.24g/t from 130m-142m in SC679

Summary & Outlook

Summary

- **Stable gold production**
 - Base case mine plan (2016–2020) production averaging 84,000 oz per year
- **Low cost gold producer**
 - Base case mine plan AISC of US\$695 /oz
- **Strong cash flow**
 - Revenue of US\$55.7 million in H1 2016 with EBITDA of US\$33.3 million
- **Comfortable debt repayment profile**
 - Cash of US\$25.8 million at Q3 2016 with Net Debt of US\$38.4 million. Debt scheduled to be rapidly repaid from existing cash flow
- **Fully funded capital programme**
- **Quality asset base**
 - New Luika Gold Mine
 - Singida
- **Growing production profile**
- **Extending mine life**
 - Updated Mine Plan in Q1 2017
- **Optionality from surplus cash**

APPENDIX

JORC Compliant Comparative Ilunga Resource Summary

2014 vs 2016 (at a cut-off grade of 1g/t Au)

Shanta Gold – New Luika resources

Deposit	Grade (g/t)	Gold Oz (000s)	
		Resource ¹	Reserve ²
Bauhinia Creek	5.3	439	348
Luika	3.1	193	108
Elizabeth Hill ³	1.6	116	28
Jamhuri	1.8	91	8
Black Tree Hill ³	1.3	75	5
Ilunga ⁴	4.6	258	15
Shamba	2.1	24	9
Total NLGM	3.9	1,196	521

Note:

- As of July 2015, subject to increases at Elizabeth Hill and BTH outlined below, resources is inclusive of reserves
- Base Case Mine Plan of 506koz plus incremental 23koz from Elizabeth Hill reserve upgrade less 5koz reduction at BTH. Split 37% OP and 63% UG (using a 3.0 g/t cut-off at BC and 3.5 g/t cut-off at Luika)
- Elizabeth Hill as of Jan 2016. BTH as of Apr 2016
- Ilunga resources as at 7 Sep 2016 Reserve (open pit), as at July 2015

New Luika gold mine continues to deliver

Actual production (koz)

- Production from Bauhinia Creek and Luika pits at the New Luika Gold Mine
- Average Run of Mine head grade 5.18 g/t in 2014 and 4.73 g/t in 2015

Guidance (koz)¹

- Published in September 2015, includes surface mining, underground mining operation and tailings retreatment
- Open pit and underground reserves of 506koz at 5.9 g/t as at Q3 2015
- Post-tax NPV of \$110 million (8% discount rate, \$1,200/oz gold price)
- Ongoing exploration to extend mine life beyond 2020
- Mining Plan update to include Ilunga and Elizabeth Hill Reserves
- 2016 guidance of 82-87koz
- H1 2016 production of 48koz

Note:

¹ Includes cumulative 14koz from tailings retreatment through to 2020, excludes January 2016 reserve upgrade at Elizabeth Hill and September 2016 Resource upgrade at Ilunga

Shanta Gold share price

Share price trading history (SHG.L)

Risk reduction through focus on broad Business Sustainability

- Shanta Gold's commitment of 0.5% of revenue per year deployed in local community programs designed to reduce dependency on and risk for the Company
- Shanta Gold's employee base is 95% Tanzanian
- Active skills development with graduate and apprenticeship programs

Employment

- NLGM has grown to be a major source of new employment
- Over 40% of workforce from NLGM currently employed from local communities

Education

- Construction of 6 classrooms and 8 offices at Mbangala
- Ancillary equipment provided
- Laboratory constructed at Saza Secondary School

Health

- Provision of the site ambulance to transport patients from Mbangala to hospital in Mwakajuni
- Bore hole drilling for water supply
- Dispensaries at Maleza and Mbangala

Community

- Local regular engagement
- Education and managing expectations
- Work to attract alternative economic development

Tanzania: an attractive operating environment

- Africa's 4th largest gold producer, after South Africa, Ghana and Mali

Tanzania mining regime

- Two key goldfields: Lake Victoria and Lupa
- Sophisticated infrastructure network
- Stable political environment, pro-mining, position resources as key economic growth driver, workable tax and regulatory regime
- 100% capital allowances
- Favourable corporate tax rate—30%
- Dividend tax—10%
- Royalty—4%
